INDEPENDENT AUDITOR'S REPORT

To the Board of Education
Spring Valley Elementary School District No. 99
Spring Valley, Illinois

Opinions

We have audited the accompanying financial statements of Spring Valley Elementary School District No. 99 as of and for the fiscal year ended June 30, 2023, and the related notes to the financial statements. The financial statements are included on pages 5-24 of ISBE Form SD50-35, which along with the notes to the financial statements are included in the Table of Contents under the Annual Financial Report heading.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, and fund balances arising from cash transactions of Spring Valley Elementary School District No. 99 as of June 30, 2023, and its revenue received and expenditures disbursed during the fiscal year then ended, in accordance with the financial reporting provisions prescribed by the Illinois State Board of Education as described in Note #1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Spring Valley Elementary School District No. 99, as of June 30, 2023, or changes in its financial position for the year then ended.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note #1, the financial statements are prepared by Spring Valley Elementary School District No. 99 on the basis of the financial reporting provisions of the Illinois State Board of Education, which is a basis of

accounting other than accounting principles generally accepted in the United States of America, to comply with the requirements of the Illinois State Board of Education. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note #1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Illinois State Board of Education. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying schedule of ad valorem tax receipts, schedule of short-term debt/long-term debt, CARES CRRSA ARP schedule, schedule of capital outlay and depreciation, and itemization schedule are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to

prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the schedule of ad valorem tax receipts, schedule of short-term debt/long-term debt, CARES CRRSA ARP schedule, schedule of capital outlay and depreciation, and itemization schedule are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

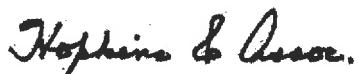

Management is responsible for the other information included in the Annual Financial Report. The other information comprises the financial profile information, estimated financial profile summary, schedule of restricted local tax levies and selected revenue sources/schedule of tort immunity expenditures, estimated operating expenditures per pupil and per capita tuition charge computation, indirect cost rate – contracts paid in current year, indirect cost rate - computation, report on shared services or outsourcing, administrative cost worksheet, and Schedules 1 – 4, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

The answers and comments contained in the Auditor's Questionnaire on page 2 are based solely on the procedures performed and data obtained during the audit of the basic financial statements of the District as of and for the year ended June 30, 2023.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 31, 2023, on our consideration of Spring Valley Elementary School District No. 99's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Spring Valley Elementary School District No. 99's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Spring Valley Elementary School District No. 99's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Education
Spring Valley Elementary School District No. 99
Spring Valley, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Spring Valley Elementary School District No. 99 (the District) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated August 31, 2023. Our opinion was adverse because financial statements were not prepared in accordance with generally accepted accounting principles. However, the financial statements were found to be fairly stated on the cash basis of accounting, in accordance with regulatory reporting requirements prescribed by the Illinois State Board of Education, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal

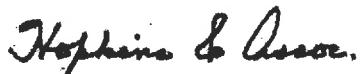

control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

 - AFR supporting documentation must be embedded as Microsoft Word (.doc), Word Perfect (*.wpd) or Adobe (*.pdf) and inserted within tab "Opinions & Notes". These documents include: The Audit, Management letter, Opinion letters, Compliance letters, Financial notes etc.... For embedding instructions see "Opinions & Notes" tab of this form.

Note: In Windows 7 and above, files can be saved in Adobe Acrobat (.pdf) and embedded even if you do not have the software.*
5. **Submit Paper Copy of AFR with Signatures**
 - a) The auditor must send three paper copies of the AFR form (cover through page 9 at minimum) to the School District with the auditor signature.
Note: School Districts and Regional Superintendents may prefer a complete paper copy in lieu of an electronic file. Please comply with their requests as necessary.
 - b) Upon receipt, the School District retains one copy for their records, signs, and forwards the remaining two copies to the Regional Superintendent's office no later than October 15, annually.
 - c) Upon receipt, the Regional Superintendent's office retains one copy for their records, signs, and forwards the remaining paper copy to ISBE no later than November 15, annually.
 - If the 15th falls on a Saturday, the due date is the Friday before. If the 15th falls on a Sunday, the due date is the Monday after.
 - Yellow Book, CPE, and Peer Review requirements must be met if the Auditor issues an opinion stating "Governmental Auditing Standards" were utilized.

Federal Single Audit 2 CFR 200.500
6. **Requesting an Extension of Time** must be submitted in writing via email or letter to the Regional Office of Education (at the discretion of the ROE). Approval may be provided up to and no later than December 15 annually. After December 15, audits are considered late and out of compliance per Illinois School Code.
7. **Qualifications of Auditing Firm**
 - School district/joint Agreement entities must verify the qualifications of the auditing firm by requesting the most current peer review report and the corresponding acceptance letter from the approved peer review program, for the current peer review period.
 - A school district/joint agreement who engages with an auditing firm who is not licensed and qualified will be required to complete a new audit by a qualified auditing firm at the school district's/joint agreement's expense.

- 22. If the type of Auditor Report designated on the cover page is other than an unqualified opinion and is due to reason(s) other than solely Cash Basis Accounting, please check and explain the reason(s) in the box below.

PART D - EXPLANATION OF ACCOUNTING PRACTICES FOR LATE MANDATED CATEGORICAL PAYMENTS

(For School Districts who report on an Accrual/Modified Accrual Accounting Basis only)

School districts that report on the accrual/modified accrual basis of accounting must identify where late mandated categorical payments (Acct Codes 3100, 3120, 3500, 3510, 3950) are recorded. Depending on the accounting procedure these amounts will be used to adjust the Direct Receipts/Revenues in calculation 1 and 2 of the Financial Profile Score. In FY 2023, identify those late payments recorded as Intergovernmental Receivables, Other Receivables, or Deferred Revenue & Other Current Liabilities or Direct Receipts/Revenue. Payments should only be listed once.

24. Enter the date that the district used to accrue mandated categorical payments

Date: _____

25. For the listed mandated categorical (Revenue Code (3100, 3120, 3500, 3510, 3950) that were voucherized prior to June 30, but not released until after year end as reported in ISBE Financial Reimbursement Information System (FRIS), enter the amounts that were accrued in the chart below.

PART E - QUALIFICATIONS OF AUDITING FIRM

- School district/joint Agreement entities must verify the qualifications of the auditing firm by requesting the most current peer review report and the corresponding acceptance letter from the approved peer review program for the current peer review.
- A school district/joint agreement who engages with an auditing firm who is not licensed and qualified will be required to complete a new audit by a qualified auditing firm at the school district's/joint agreement's expense.

Comments Applicable to the Auditor's Questionnaire:**HOPKINS & ASSOCIATES, CPAS**

Current Year Payment on Contracts For Indirect Cost Rate Computation

Please do not remove and reinsert this tab from the workbook or paste into this tab. The AFR will be returned to the auditor if this tab is completed incorrectly. This schedule is to calculate the amount allowed on contracts obligated by the school district for the Indirect Cost Rate calculation. The contracts should be only for purchase services and not for employee contracts. On no include contracts for Capital Outlays (CO) or Non-Contracted Environment (NCE) on this schedule. These are excluded from the Indirect Cost Rate calculation.

To determine the applicable contracts for this schedule, they must meet ALL three qualifications below.

- 1. The contract must be coded to one of the combinations listed on the icon below.**
2. The contract must meet all qualifications below as the "Subaward & Subcontract Guidance" and the "Indirect Cost Rate Plan" (Sub-agreement for Services).
3. Only line contracts that were paid over \$25,000 for the fiscal year.

Column A, B, C, D below must be completed for each contract. Enter Column B without hyphens. Ex) 101000600

Column (E) and (F) are calculated automatically based on the information provided in Columns (A through D). The amount in column (E) is the amount allowed on each contract in the Incident Cost Rate calculation. The amount

The amount in column (E) is the amount allowed on each contract in the Indirect Cost Rate calculation. The amount in column (F) is the amount that will be deducted from the base in the Indirect cost rate (tab 4B) for Program Year 2025.

<i>(Source document for the computation of the Indirect Cost Rate is found in the "Expenditures" tab.)</i>							
ALL OBJECTS EXCLUDE CAPITAL OUTLAY. With the exception of line 11, enter the disbursements/expenditures included within the following functions charged directly to and reimbursed from federal grant programs. Also, include all amounts paid to or for other employees within each function that work with specific federal grant programs in the same capacity as those charged to and reimbursed from the same federal grant programs. For example, if a district received funding for a Title I clerk, all other salaries for Title I clerks performing like duties in that function must be included. Include any benefits and/or purchased services paid on or to persons whose salaries are classified as direct costs in the function listed.

SPRING VALLEY ELEMENTARY CCSD NO. 99

NOTES TO FINANCIAL STATEMENTS

June 30, 2023

Note 1 - Summary of Significant Accounting Policies

A. General

Spring Valley Elementary CCSD No. 99, Spring Valley, Illinois, is operated under the control of a Board of Trustees elected at large by the citizens of the District. The Board of Trustees monitors all financial transactions of the District.

For the year ended June 30, 2023, the District's accounting and financial reporting policies conform to the cash basis of accounting as prescribed by the Illinois State Board of Education.

B. Principles Used to Determine the Scope of the Reporting Entity

The District's reporting entity includes the District's governing board and all related organizations for which the District exercises oversight responsibility. The entity is a consolidated elementary school district located in Bureau County, Illinois.

The District has developed criteria to determine whether outside agencies with activities which benefit the citizens of the District, including joint agreements which serve pupils from numerous districts, should be included within its financial reporting entity. The criteria include, but are not limited to, whether the District exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

The joint agreements have been determined not to be part of the reporting entity after applying the manifesting of oversight, scope of public service, and special financing relationships criteria and are therefore excluded from the accompanying financial statements because the District does not control the assets, operations, or management of the joint agreements. In addition, the District is not aware of any entity which would exercise such oversight as to result in the District being considered a component unit of the entity.

C. Basis of Presentation – Fund Accounting

The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets and liabilities (arising from cash transactions), fund balance, revenue received, and expenditures disbursed. The District maintains individual funds required by the State of Illinois. The various funds are grouped as required for reports filed with the Illinois State Board of Education. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The District uses the following fund types and account groups:

C. Basis of Presentation – Fund Accounting (Continued)

Government Fund Types

Governmental funds are those through which most governmental functions of the District are financed. The acquisition, use, and balances of the District's expendable financial resources and the related liabilities (arising from cash transactions) are accounted for through governmental funds.

The Educational Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Special Education and Leasing are included in this fund.

The Debt Service Fund accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. The Operation and Maintenance Fund, Transportation Fund, and Illinois Municipal Retirement/Social Security Fund are used to account for cash received from specific sources (other than those accounted for in other funds) that are legally restricted to cash disbursements for specified purposes. The Working Cash Fund accounts for the financial resources held by the District to be used for temporary interfund loans to other funds. The Tort Fund accounts for financial resources held by the District to be used for tort immunity and tort judgement purposes. The Capital Projects and Fire Prevention and Safety Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

Fiduciary Fund Types

Fiduciary Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments, or other funds. The District has no Fiduciary Funds at June 30, 2023.

In prior years, Agency Funds included Student Activity Funds. These funds are now included as part of the Educational Fund as of the year-ended June 30, 2023. They are no longer considered Fiduciary Funds.

D. Government Funds – Measurement Focus

The financial statements of all governmental funds focus on the measurement of spending or “financial flow” and the determination of changes in financial position, rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of “available spendable resources.” Governmental fund operating

statements present increases (cash receipts and other financing sources) and decreases (cash disbursements and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of “available spendable resources” during a period.

E. General Fixed Assets and General Long-Term Debt Account Group

All fixed assets are valued at historical or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their acquisition cost. The District records purchases of property and equipment as expenditures of various funds when paid. The District maintains a detailed list of property and equipment purchased for insurance purposes.

The District has adopted a capitalization threshold policy for capital assets by asset class or type. The threshold amounts are included in the table below.

No depreciation has been provided on fixed assets in the bound financial statements. The Illinois State Board of Education’s Annual Financial Report (ISBE Form SD50-35/JA50-60) includes depreciation of \$608,007, which has been utilized for the calculation of the per capita tuition charge, and accumulated depreciation totaling \$7,588,310. Depreciation has been computed over the estimated useful lives of the assets using the straight-line method. The District has considered possible impairments to its capital assets and asserts that there are none known or anticipated.

Depreciation on all assets that exceed the threshold levels is provided on the straight-line basis over the following estimated useful lives:

Category	Threshold	Life (Years)
Buildings and Improvements	\$ 2,000	10 to 50
Equipment	\$ 1,000	5 to 10
Furniture and Fixtures	\$ 1,000	5 to 20
Transportation Equipment	\$ 5,000	5

Long-term liabilities expected to be financed from Debt Service Funds are accounted for in the General Long-Term Debt Account Group, not in the governmental funds. Proceeds from sale of bonds are included as receipts in the appropriate fund on the date received. Related principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

The two account groups are not “funds”. They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

Note 1 - Summary of Significant Accounting Policies (Continued)

F. Basis of Accounting

Basis of accounting refers to when revenues received and expenditures disbursed are recognized in the account and how they are reported in the financial statements. The District maintains its accounting records for all funds and account groups on the cash basis of accounting under guidelines prescribed by the Illinois State Board of Education. Accordingly, revenues are recognized and recorded in the accounts when cash is received. In the same manner, expenditures are recognized and recorded upon the disbursement of cash. Assets of a fund are only recorded when a right to receive cash exists which arises from a previous cash transaction.

Cash-basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions.

Proceeds from sales of bonds are included as other financing sources in the appropriate fund on the date received. Related principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

G. Budgets and Budgetary Accounting

The budget for all governmental fund types is prepared on the cash basis of accounting, which is compared to actual cash basis results in Schedule 1. The cash basis is an acceptable method in accordance with Chapter 122, Paragraph 17.1 of the Illinois Revised Statutes. These details are reported in Schedule 1 along with conversion to the accrual basis. The original budget was passed on August 17, 2022, and was not amended.

For each fund, total fund expenditures disbursed may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on July 1. The operating budget includes proposed expenditures and the means of financing them.
2. A public hearing is conducted to obtain taxpayer comments.
3. Prior to October 1, the budget is legally adopted through passage of a resolution.
4. Formal budgetary integration is employed as a management control device during the year.
5. The Board of Education may make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget.
6. The Board of Education may amend the budget (in other ways) by the same procedures required of its original adoption.

H. Cash and Cash Equivalents

Cash includes amounts in demand deposits and interest-bearing demand deposits, and time deposit (savings accounts). Cash equivalents include amounts in time deposits, and other investments, with original maturities of less than 90 days.

I. Investments

Investments are stated at market value. Gains or losses on the sale of investments are recognized upon realization. The District has adopted a formal written investment and cash management policy. The institutions in which investments are made must be approved by the Board of Education.

J. Fund Balance Reporting

According to Government Accounting Standards, fund balances are to be classified into five major classifications: Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance. The Regulatory Model, followed by the District, only reports Reserved and Unreserved Fund Balances. Below are definitions of the differences and a reconciliation of how these balances are reported.

A. Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts. Due to the cash basis nature of the district all such items are expensed at the time of purchase, so there is nothing to report for this classification.

B. Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Things such as restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds and Debt Service Funds are by definition restricted for those specified purposes. The District has several revenue sources received within different funds that also fall into these categories –

1. Special Education

Cash receipts and the related cash disbursements of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in no restricted fund balance.

J. Fund Balance Reporting (Continued)

B. Restricted Fund Balance (Continued)

2. Special Education

Cash receipts and the related cash disbursements of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in no restricted fund balance.

2. State Grants

Proceeds from state grants and the related expenditures have been included in the Educational and Transportation Funds. At June 30, 2023, expenditures disbursed exceeded revenue received from state grants, resulting in no restricted balance.

3. Federal Grants

Proceeds from federal grants and the related expenditures have been included in the Educational Fund. At June 30, 2023, expenditures disbursed exceeded revenue received from federal grants, resulting in no restricted balance.

4. Leasing Levy

Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Educational Fund. At June 30, 2023, expenditures disbursed exceeded revenue received and the prior year restricted fund balance from the leasing levy, resulting in no restricted fund balance.

5. Social Security Levy

Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Municipal Retirement/Social Security Fund. Expenditures exceeded revenue plus the beginning restricted balance for this purpose, resulting in a restricted fund balance of \$0 at June 30, 2023. This balance is included in the financial statements as Reserved in the Municipal Retirement/Social Security Fund.

C. Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the School Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts. The School Board commits fund balances by making motions or passing resolutions to adopt policy or to approve contracts. Committed fund balances also incorporate contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. Employee contracts for services rendered during the school year for employees electing twelve month pay schedules are recorded as disbursements in the fiscal year when such checks are drawn. At June 30, 2023, the total amount of unpaid contracts for services performed during the fiscal year ended June 30, 2023 amounted to approximately \$415,000. This amount is shown as Unreserved in the Educational Fund.

NOTES TO FINANCIAL STATEMENTS
June 30, 2023

Note 1 - Summary of Significant Accounting Policies (Continued)

J. Fund Balance Reporting (Continued)

D. Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by (a) the School Board itself or (b) the Superintendent when the School Board has delegated the authority to assign amounts to be used for specific purposes. As of June 30, 2023, the District has no assigned fund balances.

E. Regulatory – Fund Balance Definitions

Reserved Fund Balances are those balances that are reserved for a specific purpose, other than the regular purpose of any given fund. Unreserved Fund Balances are all balances that are not reserved for a specific purpose other than the specified purpose of a fund.

F. Reconciliation of Fund Balance Reporting

The first five columns of the following table represent Fund Balance Reporting according to generally accepted accounting principles. The last two columns represent Fund Balance Reporting under the regulatory basis of accounting utilized in preparation of the financial statements. Student Activity Funds are not included.

Fund	Generally Accepted Accounting Principles					Regulatory Basis	
	Nonspend.	Restricted	Committed	Assigned	Unassign.	Reserved	Unreserved
Educational Operations & Maintenance	-	-	415,000	-	1,096,299	-	1,511,299

K. Expenditures of Fund Balance

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

Note 2 - Property Taxes

The District's property tax is levied each year on all taxable real property located in the District on or before the last Tuesday in December. The Board passed the levy in December of 2021. Property taxes attach as an enforceable lien on property as of January 1 and are payable in two installments in the following July and September. The District receives significant distributions of tax receipts approximately one month after the due date. The following are the tax rate limits permitted by the School Code and by local referendum and the actual rates levied per \$100.00 of assessed valuation:

Note 4 - Cash and Investments

The District is allowed to invest in securities as authorized by Section 2 and 6 of the Public Funds Investment Act and Section 8-7 of the School Code.

A. Cash Deposits

At June 30, 2023, the District had cash account balances with a carrying value of \$24,519, and with a combined bank balance of \$118,232. Cash accounts are held at Spring Valley City Bank, Spring Valley, IL.

The deposits at Spring Valley City Bank are insured to \$250,000 by the F.D.I.C at each bank. All District deposits are fully secured. All are Type 1 deposits at June 30, 2023.

Type 1 – Fully insured by FDIC

Type 2 – Secured by securities pledged to District but in the bank’s name

Type 3 – Uninsured

The major divergence between book and bank balances consisted of outstanding checks and deposits in transit at June 30, 2023.

B. Investments

The District holds an investment account with Charles Schwab at June 30, 2023. The total of the investment account was \$2,907,431 at June 30, 2023 and consisted of cash and bank sweep, money market, and fixed income amounts. All investments held by the District can be readily converted into cash within 90 days, so the investment balance is considered to be a cash equivalent on the financial statements. The investments are categorized in accordance with GASB Statement No. 72, Fair Value Measurement and Application. A fair value hierarchy with three levels, as follows:

- Level 1 – inputs are quoted prices for identical assets/liabilities in active markets that a government can access at the measurement date. Examples of markets in which inputs may be observable include exchange markets, dealer markets, and brokered markets.
- Level 2 – inputs, other than quoted prices included in level 1, that are directly or indirectly observable for an asset or liability. Level 2 inputs include quoted prices for similar assets.
- Level 3 – inputs are unobservable. In these instances a government should develop inputs using the best information available under the circumstances.

All are considered Level 1 investments at June 30, 2023.

Note 6 - Retirement Fund Commitments

The District contributes to two defined benefit pension plans: the Teachers Retirement System (TRS), and the Illinois Municipal Retirement Fund (IMRF). TRS is administered by the TRS board of trustees and is a cost sharing multiple employer plan. IMRF is administered by IMRF board of trustees and is an agent multiple-employer public employee retirement system. The benefits, benefit levels, employee contributions and employer contributions for both plans are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly. The aggregate employer recognized pension expense on a cash basis for the year ended June 30, 2023, was \$410,130 (\$329,568 for TRS and \$80,562 for IMRF). See Schedules 1 and 2 for additional supplementary information regarding TRS and IMRF future pension obligations.

A. Teacher Retirement System

Plan description

The employer participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration. TRS issues a publicly available financial report that can be obtained at <http://trs.illinois.gov/pubs/cafr>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

Benefits provided

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier 2 are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

Essentially all Tier I retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2026. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual

increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 are funded by bonds issued by the state of Illinois.

Contributions

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2022, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On behalf contributions to TRS. The state of Illinois makes employer pension contributions on behalf of the employer. For the year ended June 30, 2023, state of Illinois contributions recognized by the employer were based on the state's proportionate share of the collective net pension liability associated with the employer, and the employer recognized revenue and expenditures of \$1,929,776 in pension contributions from the state of Illinois.

2.2 formula contributions. Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2023, were calculated to be \$21,238 and was paid toward this obligation in the current fiscal year.

Federal and special trust fund contributions. When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2023, the employer pension contribution was 10.49 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2023, salaries totaling \$344,065 were paid from federal and special trust funds that required employer contributions of \$36,092, which were paid in the current fiscal year.

Employer retirement cost contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2023, the employer paid \$0 to TRS for employer contributions due on salary increases in excess of 6 percent and \$0 for sick leave days granted in excess of the normal annual allotment.

Pension Expense

For the year ended June 30, 2023, the employer recognized TRS pension expense of \$329,567 on a cash basis under this plan.

Detailed information about the TRS's fiduciary net position as of June 30, 2022 is available in the separately issued *TRS Comprehensive Annual Financial Report*.

B. Illinois Municipal Retirement Fund - Pension Plan

Plan Description – The employer's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The Employer's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided – IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

B. Illinois Municipal Retirement Fund - Pension Plan

All three IMRF benefit plans have two tiers. Employees hired **before** January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of: 3% of the original pension amount, or $\frac{1}{2}$ of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms – As of December 31, 2022, the following employees were covered by the benefit terms:

<u>Number of</u>	<u>Membership</u>
- Retirees and Beneficiaries	53
- Inactive, Non-Retired Members	35
- Active Members	33
Total	121

Contributions – As set by statute, the Employer's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The Employer's annual contribution rate for calendar year 2023 was 6.65% and for 2022 was 8.35%. The total employer contribution paid for calendar 2022 was \$89,345. The actual contributions paid during the fiscal year ended June 30, 2023 were \$80,562. The Employer also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Note 7 - Other Post-Employment Benefits

The District participates in two Post Employment benefit plans Other than Pensions. The two plans are the Teacher's Health Insurance Security (THIS) Fund and their own health insurance plan. All IMRF employers are required to allow retirees to continue on their health plans.

A. Teacher Health Insurance Security Fund

The District (employer) participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in Medicare Advantage plan.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributions to TRS who are not employees of the state to make a contribution to the THIS Fund.

On behalf contributions to THIS Fund – The state of Illinois makes employer retiree health insurance contributions on behalf of the District. State contributions are intended to match contributions to THIS Fund from active members which were .90 percent of pay during the year ended June 30, 2023. State of Illinois contributions were \$32,957, and the District recognized revenue and expenditures of this amount during the year.

Employer contributions to THIS Fund – The employer (District) also makes contributions to THIS Fund. The employer THIS Fund contribution was 0.67 percent during the year ended June 30, 2023. For the year ended June 30, 2023, the District paid \$24,535, to the THIS Fund, which was 100 percent of the required contribution.

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General: <http://www.auditor.illinois.gov/Audit-Report/ABC-List.asp>. The current reports are listed under "Central Management Services." Prior reports are available under "Healthcare and Family Services."

Note 7 - Other Post-Employment Benefits (Continued)

B. Post-Retirement Health Care Plan

The District provides post-retirement health care benefits for the retirees and their dependents. All retirees are eligible to continue their health coverage under the District's self-funded health insurance plan. The retirees are responsible for a portion of the entire premium payment to secure coverage. The District finances the plan on a pay-as-you-go basis. The Unfunded Actuarial Liability has not been determined as of June 30, 2023.

Plan Description

The district administers a single-employer defined benefit healthcare plan. The Educational support employees who contribute to IMRF are eligible for post-retirement medical coverage. The plan does not have a trust fund and therefore does not issue a separate publicly available financial report.

Funding Policy

The contribution requirements of the District may be amended by the School Board. Current policy is for the District to pay for post-retirement medical insurance benefits or premiums as they occur. The District requires retirees to contribute 100% of the premium for their desired coverage. The premiums are established for the employee/retiree group. With regard to retirees, there is an implied rate subsidy by the District through the blended premium covering all current employees and retirees, there is no actuarial valuation performed to determine the amount of such subsidy.

Contributions Made

The retiree premium established is paid entirely by retiree contributions and as such there is no net cash outflow by the District related to these benefits when paid. Therefore, there are no cash-basis expenditures reported by the District in regard to the plan benefits for retirees.

C. Social Security

Employees not qualifying for coverage under the Illinois Teachers' Retirement system or the Illinois Municipal Retirement Fund are considered "non-participating employees". These employees and those qualifying for coverage under the Illinois Municipal Retirement fund are covered under Social Security. The District paid \$126,658, the total required contribution for the current fiscal year.

Note 9 - Expenditures in Excess of Budget

During the year ended June 30, 2023, expenditures exceeded appropriated amounts in the Education, O&M, Transportation, IMRF, Tort, and Fire Prevention & Safety Funds. Expenditures in excess of appropriations are a violation of state statutes.

Note 10 - Deficit Cash and Fund Balances

There was a deficit fund balance in the Transportation Fund as of June 30, 2023. This was due to the late receipt of payments from the State for transportation programs. The related deficit cash balance in the Transportation Fund has been recorded as an other payable on the Statement of Assets and Liabilities Arising from Cash Transactions.

Note 11 - Insurance and Risk Management

The District elected to become self-insured for unemployment insurance in a prior year. The District is therefore liable to the State for any payments made to any of its former employees claiming unemployment benefits. In the current fiscal year, there were no payments required.

Significant losses are covered by commercial insurance for all major programs: property, liability, and workers' compensation. During the past three years, settlements have been less than coverage.

The District faces several types of risk. The following is a discussion of the nature of the risks, the significance to the government, and the policies in place to reduce the risk:

- (i) Custodial credit risk for deposits is the risk that in the event of bank failure, the deposits may be in peril. The government policy is to either keep deposit amounts below F.D.I.C. insurance levels at a specific institution or to require the institution pledge securities to insure the deposits in excess of F.D.I.C. levels. The results are disclosed in Note 4. This risk is moderately low.
- (ii) Interest rate risk is the risk that interest rate changes may adversely affect the fair value of investments. Since the government's investments are all cash or cash equivalents, this risk is minimal. The District has long-term debt that accrues at fixed interest rates, so this risk would be considered minimal.
- (iii) Concentration of credit risk is the risk of loss attributed to the magnitude of the government's investment in a single issuer. The government does not invest in entities; its investments are strictly money market and certificates of deposit. This risk is minimal.
- (iv) Risk of loss of fixed assets is the risk that fire, wind, theft, etc. may reduce or eliminate the value of buildings, property, equipment, and other assets. The government has comprehensive insurance coverage to minimize this risk.
- (v) Risks of claims and judgments is the risk that the assets of the government may be impaired due to an employee or officer's actions or failure to act. This risk is minimized by the comprehensive coverage provided by a local insurance broker. The risk of unemployment liability is moderate.

Note 12 - Contingencies

The District has received funding from State and Federal grants in the current and prior years, which are subject to audits by the granting agencies. The school board believes any adjustments that may arise from these audits will be insignificant to District operations.

Note 13 - Commitments

Unpaid Teachers' Contracts - Teachers' contracts for services rendered during the school year for teachers electing twelve-month pay schedules are recorded as disbursements in the fiscal year when such checks are drawn. At June 30, 2023, the total amount of unpaid teachers' contracts for services performed during the year ended June 30, 2023, is estimated to be \$415,000.

Vacation Pay - Vacation pay is considered to be an expenditure in the year paid. Eligible administrators and support staff receive vacation pay. At June 30, 2023, the estimated unused vacation pay liability is \$0.

Sick Pay - Sick pay is considered to be an expenditure in the year paid. Accumulated sick pay benefits are available to eligible employees to use in future years. At June 30, 2023, the estimated unused sick pay liability is \$0.

Termination Benefits – The District is liable for termination benefits due to retiring employees. As of June 30, 2023, the estimated termination benefit due in future years is \$0.

Other Post Retirement Benefits – The District has not determined the unfunded liability due to Other Post Retirement Benefits as required.

Although the School District exceeded their debt limitation, they did so while relying on legal counsel and on Illinois Compiled Statutes (ILCS) Section 105 5/19-8 which states, "Any school district or non-high school district operating under general law or special charter having a population of 500,000 or less is authorized to issue bonds for the purpose of paying orders issued for the wages of teachers, for the payment of claims against any such district, or providing funds to effect liquidation or defeasance of the obligations of a Financial Oversight Panel pursuant to the provisions of Section 1H-115 of this Code. Such bonds may be issued in an amount, including existing indebtedness, in excess of any statutory limitations as to debt."

Note 15 - On-behalf Payments

The State of Illinois contributes to the TRS retirement system and the THIS fund on-behalf of the District. In the current fiscal year, the amount contributed totaled \$1,929,776; \$1,929,776 for TRS and \$32,957 for THIS.

Changes in assumptions: For 2015, changes are primarily from a change in the calculated single discount rate from 7.49% in 2014 to 7.47% in 2015. For 2016, changes are primarily from a change in the calculated single discount rate from 7.47% to 7.50% in 2016. For 2017, changes are primarily from adopting an IMRF specific mortality tables with fully generational projection scale MP-2017 (base year 2015) developed from the RP-2014 mortality tables. For 2018, the assumed investment rate of return was lowered from 4.5% to 7.25%. For 2021, changes are primarily from adopting the Pub-2010, amount weighted, general mortality tables for retirees and active members. For 2022, changes are wage growth from 3.25% to 2.75%; price inflation from 2.5% to 2.25%, Salary increases changed from 3.35%-14.25% to 2.85%-13.75%. Retirement age updated for the 2020 valuation.

Notes to Schedule: These schedules are presented to illustrate the requirements to show information for 10 years. However, until a full 10 year trend is compiled, information is presented for those years or which information is available.
